

Ladybug Prayers for the Mitchell Family:

That God will break through all barriers and open the doors needed to be matched with our daughter. Prayer for each person and agency involved in this process.

For protection and provisions for our little Ladybug's growing heart, mind and body.

For certainty and peace when we are matched. That we would know without a doubt that she is the one God has chosen for our family.

For a renewed sense of hope and peace each day. For protection against discouragement as we continue to wait.

His love will bring her home!
To God be the Glory.
